The student has completed the following examinations at University of Stavanger:

Course		Semester	Points ¹⁾	Grade	Grade ²⁾ distribution A B C D E
FIN200	Mathematics - Preparatory course for bachelor's degree in engineering	2024 spring	37.5 pr	C	— — — — —
FIN210	Physics - Preparatory course for bachelor's degree in engineering	2024 spring	22.5 pr	B	— — — — —
FIN230	Technology and Society - Preparatory course for bachelor's degree in engineering	2024 spring	10 pr	B	— — — — —
FIN240	Norwegian language - Preparatory course for engineering	2024 spring	20 pr	D	— — — — —
FIN250	English language - Preparatory course for bachelor's degree in engineering	2024 spring	10 pr	A	— — — — —
DAT120	Introduction to Programming	2024 autumn	10 sp	A	— — — — —
FYS102	Physics for Data/Electro	2024 autumn	5 sp	D	— — — — —
KJE101	Fundamental Chemistry	2024 autumn	5 sp	C	— — — — —
MAT100	Mathematical Methods 1	2024 autumn	10 sp	C	— — — — —
DAT310	Web Programming	2025 spring	10 sp	A	— — — — —
ELE130	Applied Mathematics and Physics in Programming of Robots	2025 spring	10 sp	A	— — — — —
MAT200	Mathematical Methods 2	2025 spring	10 sp	C	— — — — —
TN110	Course in Study Techniques and Scientific Working Methods	2025 spring	-	Passed	— — — — —
DAT200	Algorithms and Datastructures	2025 autumn	10 sp	B	— — — — —
DAT250	Information and Software Security	2025 autumn	10 sp	C	— — — — —
DAT320	Operating Systems and Systems Programming	2025 autumn	10 sp	A	— — — — —
DAT230	Communication Technology I	2026 spring	10 sp	C	— — — — —
DAT240	Software Engineering	2026 spring	10 sp	A	— — — — —
STA100	Probability and Statistics 1	2026 spring	10 sp	B	— — — — —

2) For an explanation of the grade distribution, see the last page.

Credit system and grading

The academic year normally runs from mid-August to mid-June and lasts for 10 months. Courses are measured in "studiepoeng", considered equivalent to the European Credit Transfer System standard (ECTS credits). The full-time workload for one academic year is 1500 - 1800 hours of study / 60 "studiepoeng".

The Norwegian grading system consists of two grading scales: one scale with the grades pass or fail and one graded scale from A to E for pass and F for fail. The graded scale has the following qualitative descriptions:

A	Excellent	An excellent performance, clearly outstanding. The candidate demonstrates excellent judgement and a very high degree of independent thinking.
B	Very good	A very good performance. The candidate demonstrates sound judgement and a high degree of independent thinking.
C	Good	A good performance in most areas. The candidate demonstrates a reasonable degree of judgement and independent thinking in the most important areas.
D	Satisfactory	A satisfactory performance, but with significant shortcomings. The candidate demonstrates a limited degree of judgement and independent thinking.
E	Sufficient	A performance that meets the minimum criteria, but no more. The candidate demonstrates a very limited degree of judgement and independent thinking.
F	Fail	A performance that does not meet the minimum academic criteria. The candidate demonstrates an absence of both judgement and independent thinking.

The assessment is criterion referenced.

Grade distribution

The distribution of grades is shown by the percentage for courses using the graded scale A – F. Fail (F) is not included in the distribution. All results from the last five years are included in the calculation. The distribution is also shown for courses that have been active for less than five years. There has to be at least 10 approved results during the period.
